

MY FIRST PIANO

Adventure® FOR THE YOUNG BEGINNER

by Nancy and Randall Faber

About the Lesson Book C CD

The CD for this book offers a unique listening experience with outstanding orchestrations and vocals. The recordings demonstrate a key principle of the course: when children listen, sing, tap, and move to their piano music, they play more musically.

The child may listen to the CD from beginning-to-end at home or in the car. Individual CD tracks of assigned pieces may be played repeatedly — singing words, pointing to notes, tapping the rhythm, etc. The CD track may also be used as an optional play-along accompaniment, after a piece is learned. Listen, sing, play, and enjoy!
